# ALSPEC 2000 / 3000 SERIES DOOR CLOSER KITS

The new Alspec 2000 / 3000 series door closer kits deliver a simplified offer that covers most installation options.

The Standard Arm Kit is available in strengths 2-4 and 1-6 which is a universal fix for standard and parallel arm installations including the parallel arm bracket packer.

The Track Arm Kit is available in strengths 1-3 and 1-4 and includes an optional Hold Open Device.

The new door closer kit is a non-handed, slimline unit designed to be used on commercial interior/exterior aluminium glazed metal and timber doors.

Hold-Open Arm is available as an accessory for the Standard kit.

Standard / Parallel Arm Door Closer

Track Arm Door Closer

## Key Features

- Available in sprayed silver and matt black finish
- Standard arm closer consists of parallel arm bracket and parallel arm packer standard in each box
- Track arm closer is fully reversible, non handed and hold open unit supplied standard in each box
- Closer body constructed from pressure die cast aluminium with steel rack and pinion
- Closers are fully strength adjustable from sizes 1-4 or 1-6 depending on closer body and arm configuration
- Independent adjustment valves for controlling backcheck, closing and latching speeds on both models as well as delayed action standard on the 3000 series model
- Slimline main body design
- Suitable for internal & external use
- 10 year warranty provides specifiers and users assured quality and performance
