

LEGGÉ MORTICE LOCK KITS - 23MM

proudly partnered with
ALLEGION™ 

Single Cylinder Kit

316 Stainless Steel Handle

Cylinder and Turn Kit

Double Cylinder Kit

The **Leggé 995MF Series** of narrow style mortice locks and latches have been designed specifically to meet the requirements of the Australasian market. With a range of lock functions, the 995MF Series has the right function to meet your specific needs. This is why they are backed by a 30 year mechanical warranty.

Key Features

Clever design: Multi-function case allows easy conversion from a vestibule lock function (inside handle free) to a combination lock function (both handles locked) by a simple external operation.

Functions

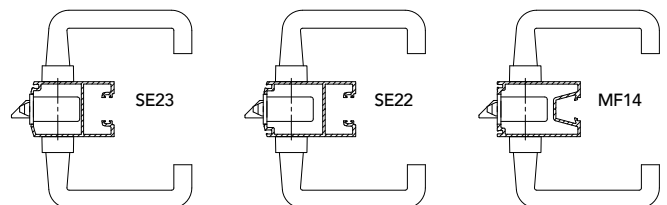

Leggé 995V Series Vestibule Lock

- Inside handle always operative for emergency escape
- Automatic deadlocking by closing door
- Reversible bolt and function

Leggé 995C Series combination lock

- Key or turn locks or unlocks both handles simultaneously
- Automatic deadlocking by closing door
- Reversible bolt and function

Recommended for Swan Evo & Hawkesbury
