Front Glazed Framing / Front Glazed 550 Plant On Sections

The Hastings Front Glazed Framing is a versatile and flexible system available in a frame depth of 101.6/150mm x 50mm. Ideal for shopfronts, upmarket residential and commercial applications.

With its straight cuts and flush glazing the Hastings not only looks good, but is easy to fabricate and easy to install. Hastings 101.6/150mm is suitable for a range of single and double glazed options.

The 550 Front Glazed Plant On System is versatile and flexible allowing glazing adaptors and covers to be fixed to other structure including aluminium, steel or timber. With cover adaptors at 50mm they can be used along side the Hastings Framing. Ideal for upmarket residential and commercial applications.

Typical Configurations

CAD Cross Sections

Key Features

- Sharp unbroken lines
- Front glazed appearance
- Robust frame
- Good weathering performance
- 4 – 12.4mm single glazed and up to 32mm double glazed
