

CUSTOMER TECHNICAL MEMO # 251

Subject: DuraSlat Fencing System Technical Manual Release

Date: 9/12/15

Good Afternoon,

The DuraSlat Fencing Technical Manual has now been released, and can be accessed in the content locker or on the Alspec website, under the home improvements tab.

The Alspec DuraSlat Fencing System is a suite of specifically designed extrusions that provides a premium concealed fixed screening solution for use in both domestic and commercial fence and screening applications.

The DuraSlat Fencing System has been designed around simple and fast fabrication, specifically eliminating the need to weld, and allows for the use of pre powder coated and anodised material.

Regards,

Vince Ravese
