

# ALSPEC OFFSET SECURITY DOOR ROLLER

"Australia's best performing Security/Safety Door Roller."

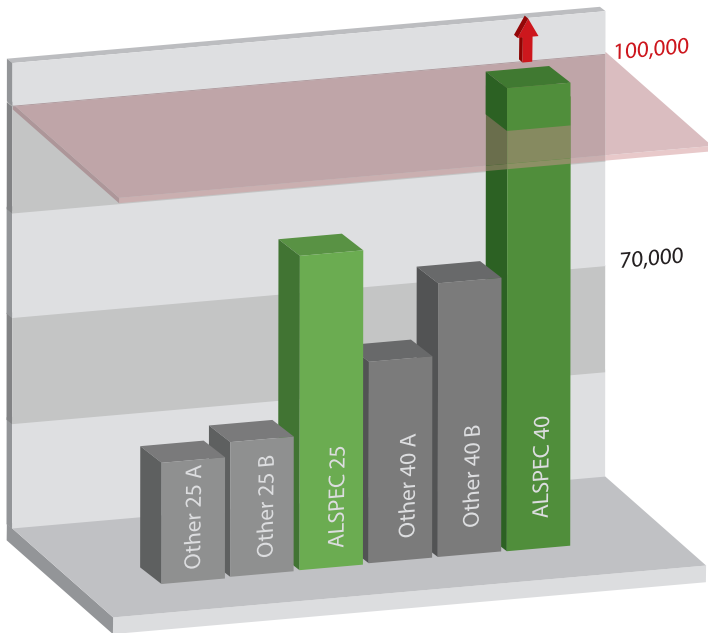

## MARKET LEADING TOUGHNESS!

ALSPEC's in house research and development team have designed and manufactured the strongest screen door roller available!

The **ALSPEC OFFSET SECURITY DOOR ROLLER 25kg** has successfully passed cycle testing to **70,000 cycles at max weight**. This is a very impressive result from a 25kg roller!

The **ALSPEC OFFSET SECURITY DOOR ROLLER SS 40kg** roller has outperformed its higher weight rated competitors with successful cycle testing to **100,000 cycles at max weight!!** This is a market leading result!! Other products gave up at almost half of this market leading performance! This roller features a stainless steel bearing for use in coastal areas.

If you want the best security door roller on your sliding doors, talk to your local ALSPEC branch today!

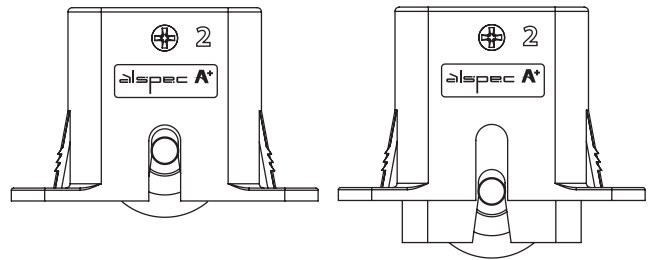

Our rollers are rigorously cycle tested on ø3mm track and are compatible with all ALSPEC Sliding Door tracks.
