

# STATE-OF-THE-ART GATE HARDWARE

proudly partnered with

**D&D Technologies**  
World's most trusted gate hardware

Established in the late 1980's, D&D gained international recognition with the ground-breaking MagnaLatch magnetic latch for pool and other child safety gates, winning several prestigious design awards. Since then, D&D has expanded operations and continues to be a market leader delivering innovative safety, privacy and security hardware solutions.

## Kwikfit Spring Hinge Self Close KFS 1332023

- 20kg self-closing weight
- Super-strong polymer construction and stainless steel components ensures no rust or corrosion
- Side legs for double-face fixing adds extra fixing strength

## TruClose Regular TCA1S3BT 1332025

- 30kg max self-closing weight
- Adjustable, self-closing tension from either end
- No visible fasteners
- Super-strong polymer construction and stainless steel components ensures no rust or corrosion

## TruClose Heavy Duty - Standard TCHD1AL2S3BT 1332030

- 70kg max self-closing weight
- Supports gate loads up to 450kg
- Smooth, reliable performance
- Quick, self-closing adjustment
- Optional clip-on decorative trim covers
- No visible fasteners
- Easy to install

## TruClose Heavy Duty - Alignment Legs TCHDMA1 1332100

- Heavy Duty hinges for large wood gates up to 60kg
- Adjustable vertically and horizontally
- Adjustable tension for self-closing speed
- Alignment legs for added strength and ease of installation

## MagnaLatch Side Pull MLSPS2L 1332063

- Reliable magnetic latching action
- Key-lockable security
- Adapts to metal or wood
- Magnetically triggered (no jamming or sticking)
- No visible fasteners
- Quick & easy install

## MagnaLatch Series 3 Top Pull ML3TPLA 1336000

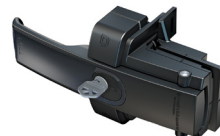

- Rekeyable lock for extra security & convenience
- Anti-jam magnetic self-latching
- Easy installation
- Fits to metal and wood gates

## MagnaLatch Series 3 Alert with Alarm ML3ATPLA 1336014

- Visual and audible alarms (flashing LEDs & sound alerts)
- Anti-jam magnetic self-latching
- Easy installation
- Fits to metal and wood gates

## LokkLatch Magnetic LLMLDBT 1332190

- Intuitive Push/Pull handle action
- Operates & locks from both sides of the gate
- Dual 6-pin re-keyable locks
- Vertical & horizontal adjustment
- No visible fasteners

## LokkLatch Deluxe KD LLDABS2-L 1332160

- Fits posts up to 150mm deep
- Operates & locks from both sides of the gate
- Dual 6-pin re-keyable locks
- Vertical & horizontal adjustment
- One model fits all square posts and gate frames

## ACCESSORIES

## Gate Handle LL3GH 1332054

Ergonomically designed gate handle

## Hinge Safety Cap TCACAPS3 1332094

Improve safety and security

## Gate Stop TCGS3 1332080

- Helps keep the gate in alignment
- Protects against gate-slam damage
- Strong polymer construction means no rust
