## Top Hung Awning Window

Alspec's® range of Top Hung Awning windows are ideal for suburban housing, multi-unit residential, hotels and semi commercial applications.

The Top Hung Awnings can integrate with a number of Alspec's commercial framing systems by using different awning adaptors. The 35mm sash is available as an overlapping or inset sash. The 443 30mm sash sits inset of the framing and can offer a flush appearance. Various options for single and double glazing are available.

All Top Hung Awnings are operated with Chainwinders. With the use of our Chainwinder adaptor insect and security screens can easily be added from the inside of the building.

### Typical Configurations

### CAD Cross Sections

### Key Features
