

CUSTOMER TECHNICAL MEMO # 202

Subject: SW5 OUTWARD OPENING ESCAPE SASH (DIAMOND GRILLE)

Date: 14-05-2014

Good Afternoon,

Please find attached details for the new SW5 escape Sash.

This new security section has been developed to allow diamond grille and alugard sheet to be used in security applications where emergency egress is required.

System has been security tested to AS5041-2007

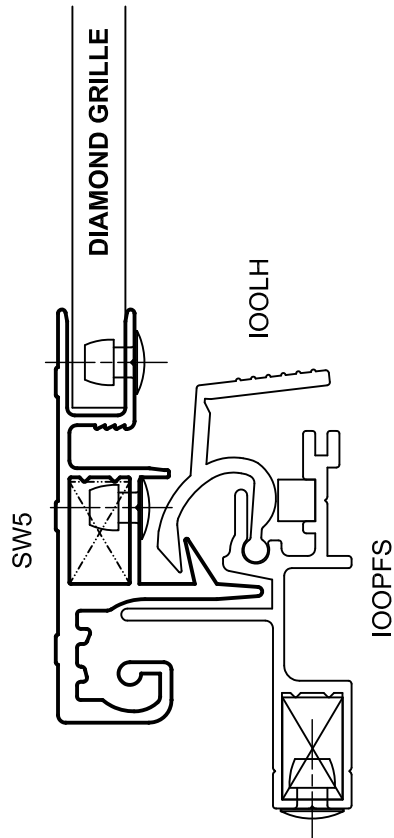

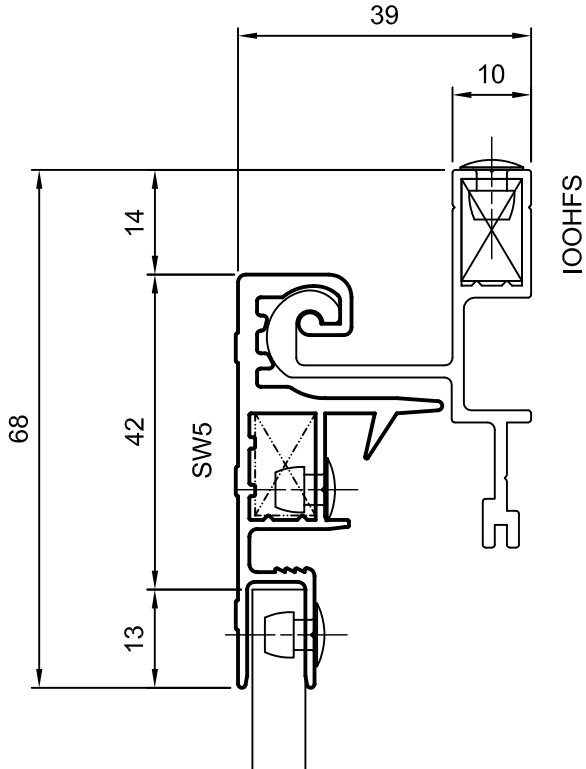

The existing Invisi-scape frame is utilised, and all fabrication details are as per the current invis-scape manual which is available on the invis-gard website.

Attached are 2 basic assembly drawings showing the diamond grille and alugard options, as well as the corresponding invis-scape frame sections required in the system.

If you have any questions please do not hesitate to contact your local ALSPEC Area Manager or Sales Office.

Regards,
Product Development
