

CUSTOMER TECHNICAL MEMO # 273

Subject HD28 HD Deep Interlock

Date: October 2016

Author: Product Development Team

We have developed a new heavy duty deep offset interlock to improve engagement with HD23.

With the increased offset there is now greater clearance on engagement and better alignment of HD23 on the screen suitable for ProGlide and Altitude.

Code	Description	Mass	AP	PP
1410228	HD28 HD Deep Interlock	0.323	100	100

This new sections will be stocked in our Brisbane Branch.

Please refer to following page for detail drawings. Tech Manuals and Wall Charts have been marked up and will be updated when next released.

If you have any questions please do not hesitate to contact your local Alspec Area Manager or Sales Office.
