

## CUSTOMER TECH MEMO # 510

**Subject** *Hawkesbury Top Hung Sliding Door – TM Addition of HS124 Details - March*

**Date:** 31<sup>st</sup> March 2022

**Author:** The Design Team

We are very pleased to advise the **Hawkesbury Top Hung Commercial Sliding Door** Technical Manual has been updated and should replace your existing Technical Manual. The latest **Hawkesbury Top Hung Commercial Sliding Door** Technical Manual is dated March 2022 – Issue F.

The update to the **Hawkesbury Top Hung Commercial Sliding Door** Technical Manual includes the addition of details of HS124 Slimline Sill. The reason for this addition is that HS124 Slimline Sill was included in the Extrusions but there were no Typical Details or Cutting Formulas included in the **Hawkesbury Top Hung Commercial Sliding Door** Technical Manual.

The updates to the **Hawkesbury Top Hung Commercial Sliding Door** Technical Manual include:

- Typical Head and Slimline Sill details shown on page 8.2
- Cutting Formulas for 2 Track Single Glazed Door with Slimline Sill shown on page 9.2

The **Hawkesbury Top Hung Commercial Sliding Door** Wall Chart has also been updated to include ME8 Pocket Filler, shown above HS124, because ME8 is always fitted to HS124.

The **Hawkesbury Top Hung Commercial Sliding Door** Technical Manual, Wall Chart and .dwg / .dxf files have also been updated in the Content Locker and on the Alspec website.

If you have any questions, please do not hesitate to contact your local Alspec Area Manager or Sales Office.
