**Author:** The Design Team

We are very pleased to advise the **Partitioning Suite** Technical Manual has been updated and should replace your existing Technical Manual. The latest **Partitioning Suite** Technical Manual is dated March 2022 – Issue C.

The update to the **Partitioning Suite** Technical Manual includes the addition of details of SK1 150mm Skirting End Cap & Corner. The reason for this addition is that SK1 was not included in the Hardware & Components and there was no Assembly Detail for installation in the **Partitioning Suite** Technical Manual.

The updates to the **Partitioning Suite** Technical Manual include:

- SK1 150mm Skirting End Cap & Corner shown on page 6.6. Please refer to the image below
- Assembly Details for 150mm Skirting Corner shown on page 11.2
