

The Triser Hardware range finds its inspiration in the striking square, sharp edges of the iconic 12 Apostles along the Great Ocean Road. Just as these natural marvels stand proudly against the elements, our hardware range embodies their strength and beauty, creating a lasting impression wherever they are installed.

Designed in Australia.

Inspired by Australia.

TRISER FLUSH SLIDING WINDOW LOCK

Overview:

The Triser Flush Sliding Window Lock is designed with a sleek, low-profile design that ensures both ease of use and functionality. Featuring a simple push-and-slide mechanism, the lock provides effortless operation, making it convenient for users to secure their windows with minimal effort. The self-latching feature enhances convenience by automatically engaging the lock when the window is closed. For those seeking improved thermal efficiency, the lock is also available in a Carinya Thermally Broken option. Please note that when choosing the thermally broken version, an offset tongue is required for installation. This versatile and practical window lock is perfect for modern homes and buildings, offering security in one streamlined design.

Features:

- Easy functionality, push the plate to unlatch then use the finger recess to slide the window open
- Sleek and modern design
- 4mm thick stainless-steel beak is secured by a 4-point clamping system
- Self-latching

Installation Features:

- Fitting Instructions can be downloaded from www.alspec.com.au or QR code
- Locks come with Catch Plate options
- Carinya Thermally Broken option available

Features:

- Available in black, white, silver, monument and satin chrome

Keying:

- Uses wafer cylinder
- Cylinder included with lock assembly
