

Triser Hinged Door Lock

Fabricator Brochure

The Triser Hardware range finds its inspiration in the striking square, sharp edges of the iconic 12 Apostles along the Great Ocean Road. Just as these natural marvels stand proudly against the elements, our hardware range embodies their strength and beauty, creating a lasting impression wherever they are installed.

Designed in Australia. Inspired by Australia.

Triser® 

Overview

The Triser Hinged Door Lock is designed specifically for aluminium hinged door applications.

It features a Lift-to-Lock mechanism where lifting the handle throws the projection bolt as well as the vertical locking bolts (if installed). An over-camming mechanism prevents external tampering when the locking bolts are in the locked position, providing another level of protection.

The Triser Hinged Door Lock also features a Mid Guide mounting system that improves installation and removes the need for additional tab mounting components.

Key Features

Maximum Security

The inclusion of four-point locking allows for multiple points of engagement as well as enhanced security and deadlocking capabilities.

Quick Accessibility

Lift-to-Lock mechanism can easily engage locking bolts & rods which then can then disengage with the turn of the handle.

Compatibility

Designed with a reversible spring-loaded latch tongue, the Triser Hinged Lockbody can suit either Left-Hand or Right-Hand hinged doors.

Day Latching

The Snib allows the door to be securely locked from the inside without the need for a key, enabling quick and convenient access.

Secure & Durable

The introduction of an over-camming mechanism in both the throw and deadlock positions helps prevent external tampering, providing enhanced security.

Installation & Serviceability

The Triser Hinged Door Lock can be either face-fixed or morticed with supplied hardware kit.

Compatible Systems

- Hawkesbury® Commerical Multi-Fold Door
- ThermAFrame® Commercial Door
- Carinya Comfort Thermally Broken Hinged Door
- Carinya Select Hinged Door
- Carinya Select Bottom Roll BiFold
- Carinya Select Top Roll BiFold
- Swan Evo™ 45mm Shopfront
- AirFlo® Plus 125mm Framing
- CityScape™

Tab Mounted

4-Point Hinged Lock Assembly

In addition to the latch and projection bolts, a vertical shoot locking kit is available to add two additional bolts into the head and sill of a door frame, turning it into a four-point locking system.

Fitting Instructions

Alspec 62mm Lazy Cam 5-Pin Cylinders

Key Features:

- 5-pin Lazy cam euro cylinder
- C4 keyway profile
- Supplied with 2 Keys
- Non-handed cylinder
- Keyed alike
- Available in Bright Chrome and Black
