

Select Hinged Door

Select Hinged Door

The Carinya Select Hinged Door is a premium product designed for those seeking superior functionality and style as a grand entry to their home.

Consisting of a modern designer look, the Carinya Hinged Door extrusions are a consistent 85mm wide face on both the stiles and rails, combined with a 40mm thick panel. This allows a balanced visual face and allows a vast array of hardware lock options. Combined with optional spigots, these door panels are superior in strength and performance.

Key Features

- A generous 125mm frame allowing for integrated screening, as well as multiple combinations of single, double or sidelights, the Select Hinged Door is the optimal choice.
- A 92mm frame is also available for when screening is not required or for typical open out configurations. This also allows flexibility in design and budget.
- The Carinya attention to detail includes concealed flush bolt brackets, reducing visible fixings, as well as custom extrusion design allowing for clean interaction with door hardware.
